ENERGY SERVICES

MESSAGE FROM THE PRESIDENT

Dear Valued Partners and Team Members,

As President of Daveta Energy Services, I am honored to address you and share our vision and commitment to excellence in serving our clients across Western Canada. Since our inception, we have quickly established ourselves as a reliable and forward-thinking service company within our industry. Our success is rooted in our unwavering commitment to quality, safety, and customer satisfaction.

At Daveta Energy Services, we believe in the power of collaboration and open communication with our clients. Our experienced team of professionals is dedicated to delivering exceptional results that drive success for your business, we strive to optimize performance and maximize value for our clients.

Safety is at the core of everything we do. Our robust safety protocols and training programs ensure that our team works safely and responsibly at all times. We are committed to protecting our people, our partners, and the environment.

As we look to the future, we remain committed to staying at the forefront of the industry by investing in the latest technologies and innovative solutions. We continuously seek opportunities to improve our services and enhance our operational efficiency, with a focus on sustainability and environmental stewardship.

On behalf of everyone at Daveta Energy Services, I want to express our gratitude for your continued trust and partnership. We are here to support your business needs and help you achieve your goals. Please do not hesitate to reach out to us if there is anything we can do to assist you.

Thank you for being a part of our journey. We look forward to working with you for many years to come.

CLINT DAVIDSON
PRESIDENT

DAVETA

ENERGY SERVICES

MINIMIZE DOWNTIME AND MAXIMIZE PRODUCTIVITY
WITH OUR EXPERIENCED TEAM

THE DAVETA ADVANTAGE

QUALIFICATIONS

Our founders offer 50+ years of experience with an outstanding reputation in the oil and gas industry.

DEDICATION

At Daveta, we are committed to our clients and strive to continually provide exceptional service.

SAFETY ORIENTATED

Safety is our number one priority, and we pride ourselves on our industry leading safety program.

CORPORATE CITIZENSHIP

Daveta supports a wide range of community initiatives including volunteering, donating to local charities and actively looking at ways to reduce our carbon footprint.

WHY CHOOSE DAVETA?

- Our owners have completed over 70 turnarounds for multiple clients on sites across western Canada.
- Our cost control system has the ability to provide our clients with 24-hour cost-tracking updates and is easily adaptable to specific coding requirements.
- Daveta Energy is a strong advocate for industrial trades training and is in frequent communications with the Alberta Apprenticeship Board to ensure Daveta Energy is aligned with the AIT rules and regulations.
- Resource availability – Daveta Energy has a deep resource pool of experienced tradespeople to choose from which reduces potential manpower supply risk. Daveta has also partnered with Grizzly Trek; a successful indigenous-owned recruitment company.

DAVETA

ENERGY SERVICES

VISION/MISSION/VALUES

CORE VALUES

SAFETY

We prioritize the safety and well-being of our employees, contractors, and the communities in which we operate. We adhere to stringent safety protocols, provide comprehensive training, and continuously seek ways to minimize risks and prevent accidents.

INTEGRITY

We conduct business with unwavering integrity, honesty, and ethics. We maintain transparent and open communication with our clients, partners, and stakeholders. Trust is the foundation of our relationships, and we uphold the highest standards of professionalism in all our interactions.

EXCELLENCE

We strive for excellence in every aspect of our work. We are committed to delivering high-quality services, adhering to industry best practices, and continuously improving our performance. We embrace innovation and technological advancements to optimize operational efficiency and maximize value for our clients.

ENVIRONMENTAL RESPONSIBILITY

As a responsible player in the oil & gas sector, we are committed to minimizing our environmental impact. We actively promote sustainable practices and seek opportunities to reduce emissions and support the transition to a low-carbon future.

COLLABORATION

We believe in the power of collaboration and teamwork. We foster an inclusive and diverse work environment where ideas are shared, and expertise is leveraged to deliver innovative solutions. We value the contributions of every team member and encourage a supportive culture that promotes personal growth and collective success.

VISION STATEMENT

“TO BECOME YOUR TRUSTED MECHANICAL & SCAFFOLDING SOLUTION PROVIDER OF CHOICE.”

CULTURE

Daveta Energy Services nurtures a culture of excellence, teamwork, and adaptability in the fast-paced world of the oil & gas industry. We foster an environment that encourages collaboration, professional growth, and innovation. We value expertise, dedication, and a strong work ethic. Our team members are driven by a shared passion for delivering exceptional results while upholding the highest standards of safety and environmental stewardship.

MISSION

At Daveta Energy Services, our mission is to be a trusted partner in the oil & gas industry, providing efficient energy solutions. We strive to deliver reliable services that exceed client expectations while adhering to the highest safety standards. We are committed to leveraging our industry expertise, state-of-the-art technologies, and strategic partnerships to contribute to the responsible and sustainable development of energy resources.

ENERGY SERVICES

WHERE SAFETY COMES FIRST!

TEAM MANAGEMENT AND TRAINING

Daveta Energy Services believes that the responsibility for Health and Safety is a shared commitment and that the dedication to ensuring a safe workplace begins with the understanding that all accidents and injuries are preventable. To establish this, we have developed and implemented a comprehensive HSE management system that engages our workforce and fosters individual commitment to the personal health and safety of each individual on our worksites.

Our Company is also dedicated to providing a safe working environment for all through active leadership engagement, ongoing training, and a strong supervisory presence.

Many of our supervisors have 'Train the Trainer' certification for various courses.

TARGET ZERO

At Daveta Energy Services, Health and Safety are an integral part of our core values and is the foundation on which our business is built.

Daveta's uncompromising commitment to the Health and Safety of our employees, subcontractors, customers and community is at the forefront of every project we do, from the early stages of planning right through to the completion. Our holistic health and safety culture is rooted in our commitment to work in a spirit of collaboration with all project stakeholders.

We uphold our high standards through an engaged workforce and vigilant processes which create a culture of complete accountability and personal responsibility.

DAVETA

ENERGY SERVICES

AT DAVETA WE BELIEVE COMMUNITY PARTNERSHIPS ARE FUNDAMENTAL AND WE ARE CONTINUALLY LOOKING AT WAYS WE CAN SUPPORT INITIATIVES FOR A BETTER TOMORROW.

GIVING BACK TO THE COMMUNITY

"It was awesome, she had soooo much fun! She yelled positive encouragement to the team, it was really cute ("you can do it" "I believe in you" "just keep trying"). We also brought my dad, he is an amputee and hasn't been to a hockey game since the 90's as he doesn't fit in the regular seats with his size and leg!"

CEREBRAL PALSY KIDS & FAMILIES

I learned that I am able to be myself as I am at Cornerstone Youth Centre and it was really cool that we got to go to something like this and it was a learning experience because I got to learn more about the game. It was really fun and I got to see some fights. It was cool overall and having an experience being in the vip box is really cool. I realized that I have some really good friends even outside school and I have some funny friends and even when I am not in a good mood they never fail to put a smile on my face. Thank you for giving me this opportunity!

CORNERSTONE YOUTH CENTRE

Huge thank you for the tickets to the hitman game! Our family feels so lucky to have gotten another chance to enjoy the wonderful experience of watching a game from a box. Our boys loved every minute of it and we just want you to know how much we appreciate your kindness!

CEREBRAL PALSY KIDS & FAMILIES

DAVETA

ENERGY SERVICES

AT DAVETA WE BELIEVE COMMUNITY PARTNERSHIPS ARE FUNDAMENTAL AND WE ARE CONTINUALLY LOOKING AT WAYS WE CAN SUPPORT INITIATIVES FOR A BETTER TOMORROW.

CORPORATE PARTNERSHIPS

INDIGENOUS RELATIONS

Indigenous partnerships are essential in building stronger community connections and Daveta takes a collaborative approach with meaningful engagement to encourage foundations based on mutual respect, trust, and understanding. Daveta Energy is currently in active negotiations with a progressive First Nations community with the aim being to create a healthy long-term partnership by providing education & employment that will benefit all.

WOMEN BUILDING FUTURES

Daveta is pleased to announce that we have been selected as an “Employer of Choice” with Women Building Futures. This initiative offers programs and support services for women to explore, train, and connect to careers that pay above a living wage. WBF’s mission is to support women joining careers that provide them with economic security.

GRANDE PRAIRIE BEEKEEPERS CLUB

Daveta Energy Services is proud to have partnered with the Beekeeper’s Club of Grande Prairie. This corporate sustainability initiative provides value to the local ecosystem through the establishment and management of additional honeybee hives in the Grande Prairie location.

- Daveta Energy Services has been selected as an Employer of Choice by Women Building Futures -

INDUSTRIAL INSULATION

Daveta's professional team can provide efficient insulation solutions to protect mechanical process piping and equipment to enhance efficiency and productivity. Installing new insulation and replacing inadequate insulation can prevent downtime and promote long-term sustainability.

- ☑ **Energy Cost Savings and Reduced Carbon Footprint**
- ☑ **Potential Noise Reduction and Condensation Management**
- ☑ **Industrial Insulation Solutions for Piping Systems, Storage Tanks and Vessels**
- ☑ **Utilidor Panels/Buildings**
- ☑ **Commercial Insulation and Duct Work**

DAVETA

ENERGY SERVICES

MATERIAL BASKETS

Daveta's material baskets are ideal for the quick, safe movement of items around your facility, such as scaffolding tubes. Material is secured using ratchet straps. Our custom material baskets feature the following:

- ☑ Expanded Metal Sides
- ☑ Stainless Steel data plate with serial #, recertification date
- ☑ Rust-Resistant Finish / Hot Dip Galvanized
- ☑ Fabricated to ASME B30.20 & BTH-1
- ☑ Basket dry weight 1,320lbs
- ☑ Max load capacity 6,000lbs
- ☑ Dimensions 14'l x 4'w x 2't
- ☑ Hinged access ramp on 1 end for ease of loading/unloading
- ☑ Ease of movement via telehandler, skid steer, or crane hoisting
- ☑ Fork sleeves for telehandler, skid steer movement

- Material baskets designed for hoisting of tray materials and scaffolding for elevated work
- Tower tray / hardware removals, installs, re-builds
- Elevated scaffolding builds
- Wheeled Casters can be added to the adjustable feet for manual re-location / movement around sites

DAVETA

ENERGY SERVICES

TOWER SERVICES

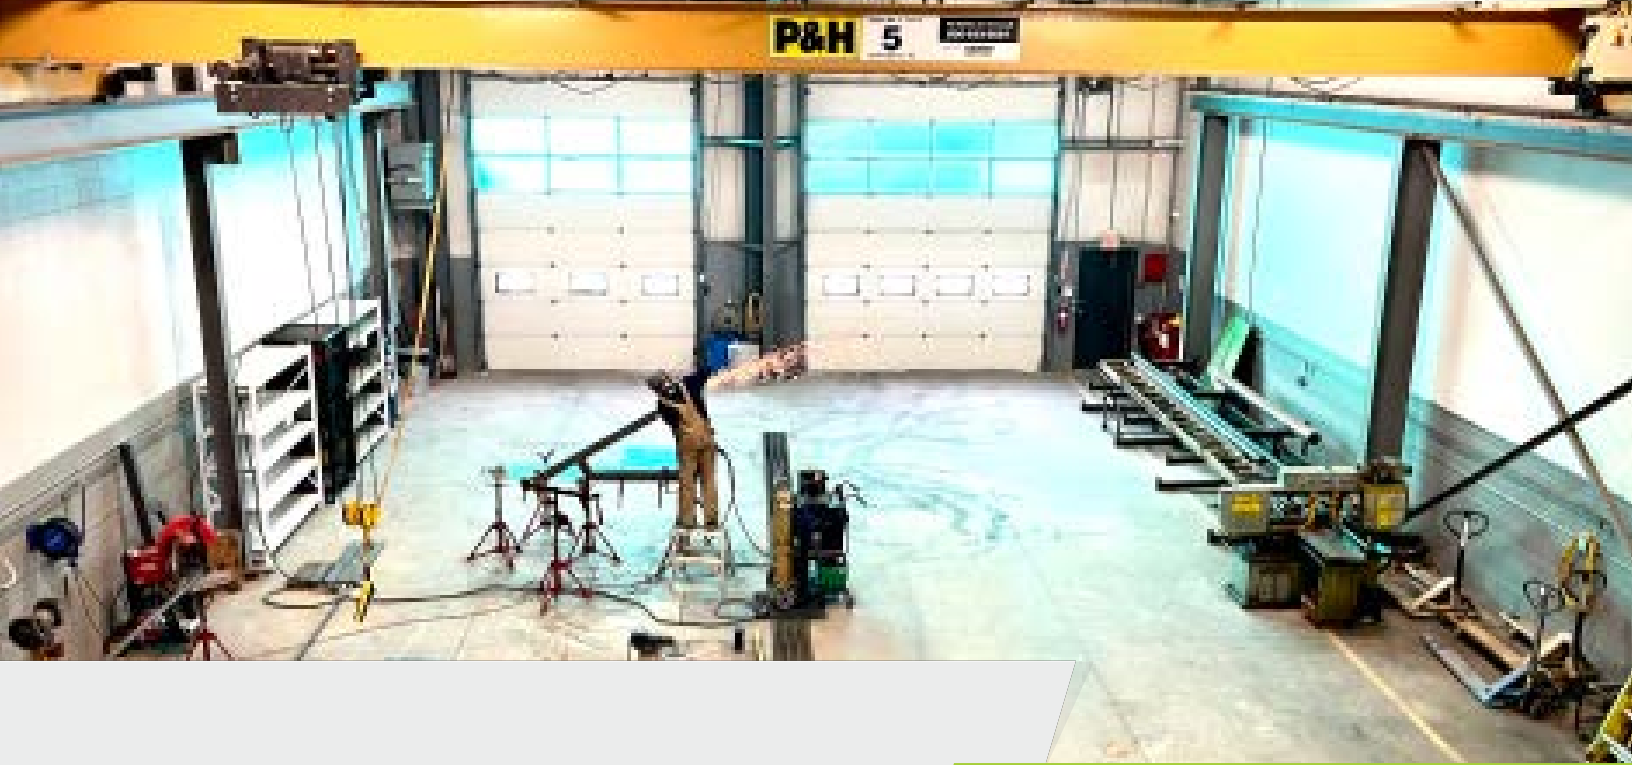

DAVETA EQUIPMENT:

- Material baskets designed for hoisting of tray materials and scaffolding for elevated work
- Heaters for cold weather repairs
- Hoisting/rigging systems internally to support re-tray applications

Daveta provides a full range of services related to tower projects (internal/external), including the removal of internals, cleaning, installation of new or refurbished internals along with tower shell repairs.

- ☑ Planning – blinding, CSE packages, materials for blinding and reinstatement, air movement design for air exchange
- ☑ Planning of chemical cleaning circulation and or steam cleaning
- ☑ Scaffolding to blind points, manways, and internal bottom tray level or access to repair areas (Scaffold Hoardings)
- ☑ Blinding and opening of external manways of towers
- ☑ Tunneling or opening of internal tray manways
- ☑ Air exchange evaluation - Downgrading of CSE to ensure safe working atmosphere without supplied air
- ☑ Tray removal and or repairs
- ☑ Complete removal and installation of new trays due to design changes (Full Re-tray)
- ☑ Tower shell repairs including but not limited to blending, weld metal build up, weld overlay, tray/ downcomer/support beam welding repairs
- ☑ Demister pad removal and or repairs

PLANNING & SCHEDULING

PLANNING & SCHEDULING ASSISTANCE

Daveta Energy Services offers customizable turnaround and project services to adapt to our clients' specific requests.

Our experienced professionals can lead or support existing on-site client personnel with project pre-planning and scheduling development, engineering support, client direct, or third-party vendors, safety planning and coordination, mechanical trades supervision and labor, scaffolding, and mechanical fabrication services.

Effective project management represents one of the largest areas for cost reduction in industry today.

Controlling the expense, duration and resources can be a significant challenge. It is the preparation, planning and attention to detail that sets Daveta apart from the rest; our team delivers valuable, hands-on knowledge to enhance your facility's efficiencies.

Our experienced team of planners/schedulers rely on their trade background to provide our clients with a comprehensive review of the sequence of work, key milestone dates, and interdependencies that form the critical path.

PROFESSIONAL SERVICES

DAVETA

ENERGY SERVICES

FACILITY DECOMMISSIONING, DEMOLITION & RECYCLING

SAFE, DEPENDABLE AND PROFESSIONAL

Daveta Energy Services is experienced in tackling the heavy work required for decommissioning plants across Western Canada. Let our Daveta team handle everything from initial decommissioning phase activities including (facility purging, cleaning, and zero energy verification) through to demolition (including asbestos abatement and insulation removals). Daveta Energy, along with our trusted partners can coordinate and manage recycling of all salvageable materials. Our industry-leading work processes meet all regulatory standards, which go above and beyond to protect our environment.

- ✓ Complete On-Site Decommissioning, Demolition & Recycling
- ✓ Meet all Regulatory Standards
- ✓ Asbestos Abatement
- ✓ Above & Underground Tank Removal
- ✓ Asset Recovery and Salvaging
- ✓ Waste Transport
- ✓ Safety

DAVETA

ENERGY SERVICES

ASBESTOS ABATEMENT

Daveta Energy offers comprehensive asbestos abatement services, including testing, removal, and air quality monitoring. Our approach prioritizes safety, adhering to strict regulations while ensuring minimal disruption to your facility. With competitive pricing, Daveta Energy provides cost-effective solutions without compromising on quality or safety.

Inspection

A licensed inspector will test all of the materials suspected of containing asbestos and provide a detailed report of their findings. Having an inspector who knows the provincial and federal regulations for asbestos removal is crucial.

Containment of Affected Area

If asbestos is found to be present, a containment will have to be erected along with the required signage so that all are aware of the ongoing abatement work.

Controlled Removal and Demolition

Trained and certified workers will remove the asbestos-contaminated material in accordance with provincial and federal regulations.

WHAT OUR CLIENTS ARE SAYING!

"I am writing this letter to enthusiastically recommend Daveta Energy Services for their exceptional work as a general mechanical turnaround contractor. During their engagement with the Tidewater Midstream's 2023 PGR Turnaround, Clint and his team at Daveta demonstrated remarkable expertise, dedication and an unwavering commitment to safety, schedule adherence and financial transparency.

In summary, Daveta's outstanding performance was a critical factor in the success of the 2023 Prince George Refinery Turnaround, completing the three project objectives of being on time, on budget, and having no recordable safety incidents. Because of this, I wholeheartedly recommend them as a mechanical turnaround contractor of choice. Their unwavering commitment to excellence, personalized service, and ability to deliver remarkable results make them an asset to any plant turnarounds/shutdowns."

Erik Sullivan, P.Eng

Turnaround Manager

Tidewater Midstream and Infrastructure Ltd.

DAVETA
ENERGY SERVICES

WHAT OUR CLIENTS ARE SAYING!

“Not only did Daveta have the technical expertise required; your team proved to be excellent communicators and collaborators at each step of the incredibly time sensitive process. We were never left wondering where a repair status was at, if it was being executed properly, if the ITP was signed onto, if your welders knew how to execute it, or if our approach was the best option. All documentation was timely, well put together, with no gaps to address post TA. This has never happened prior to working with Daveta.

I sincerely appreciate the work that you and your team performed for us, the overall camaraderie, your experienced and capable leadership team, the professionalism executed, the safety mindset, and the attention to quality execution of work. You and the Daveta team simply made my job easier by being great at yours.”

Christy Walsh, BTech

ENERGY SERVICES

WHAT OUR CLIENTS ARE SAYING!

"The purpose of this letter is to recommend Daveta Energy Services Ltd. based on our experience with the company. We engaged Daveta Energy Services Ltd. to provide planning and execution of our Plant Turnaround. We are extremely pleased with the quality, and more importantly, the diligence put towards safely executing the Turnaround. We plan to work with them again, and can recommend them without reservation to others in need of similar project management services.

A few examples of their high quality services include:

- 110,000 man hours without recordable incident
- 400 workers on day shift, 150 on night shift
- Coordination of workforce ensured understanding of critical path items and impacts on schedule

We are happy to recommend Daveta Energy Services and trust that your experience with them will be as positive as ours."

Jeff Tomm, Area Superintendent
Brody Wegener, Site Safety Advisor
Keyera Corp.

DAVETA

ENERGY SERVICES

WHAT OUR CLIENTS ARE SAYING!

"I am writing this reference letter to express my appreciation particularly for the outstanding cost tracking services provided by Daveta. Our collaboration with Daveta has been exceptional, and I am pleased to share my positive experiences with their team. One of the standout qualities of Daveta is their commitment to providing reliable daily costed field tickets. Their meticulous attention to detail ensures that all field-related expenses are accurately documented, making our project management and budgeting processes significantly smoother.

In addition to their proficiency in cost tracking, Daveta consistently delivers accurate and transparent invoices. This level of precision is invaluable, as it greatly contributes to the overall efficiency of our financial operations. Their adherence to Keyera's Source to Pay initiative further demonstrates their dedication to best practices and compliance. Effective communication is a cornerstone of any successful partnership, and Daveta excels in this regard. Their team consistently keeps us informed, promptly addressing any queries or concerns. This open line of communication has fostered a collaborative and positive working relationship.

I would also like to highlight Daveta's commendable understanding of field level coding and requests. Their ability to comprehend and act upon complex field-related issues sets them apart in the industry. Moreover, their expertise extends to corporate-level cost tracking, providing us with a comprehensive view of our financial landscape.

In conclusion, I wholeheartedly recommend Daveta for their exceptional services.

Their reliability, accuracy, adherence to best practices, effective communication, and deep understanding of both field and corporate-level cost tracking make them an invaluable partner. I look forward to continuing our successful collaboration with Daveta."

ENERGY SERVICES

WHAT OUR CLIENTS ARE SAYING!

"Our company, Wolf Midstream, has worked with Daveta on several occasions and every time we are thoroughly impressed with their ability to plan efficiently, react quickly, and execute effectively.

Wolf Midstream is a new business unit nearing the end of 2 new facility start-ups. Daveta was selected to manage the final inspections and quality checks on the facility towers and vessels at both facilities. Their expertise and strong mechanical background, backed with their strong safety culture and devoted management made the job go by seamlessly.

Daveta has a foundation of great people who care about their employees, their customers, and the community. I strongly recommend the services that Daveta provides, and I hope that you get the opportunity to work with this great team as you progress through your various work scopes."

WHAT OUR CLIENTS ARE SAYING!

I am delighted to recommend to you Daveta Energy for their exemplary scaffolding services. I used Daveta Energy to provide scaffolding on various projects and am extremely pleased with the quality of services they were able to provide. I plan to work with them again and can recommend them without reservation to others in need of scaffolding work. A few examples of their high-quality work include:

- Zero incidents during projects collaborated on.
- Scaffolding completed on time and within budget.
- Continual open communication and updates during project work.

I am very happy to recommend Daveta Energy to you based on my personal experiences working with their team.
